## About

# NAVISWORKS MANAGE

The Navisworks Manage provides a high-quality visual inspection of your project through a 4D simulation. In addition, you can incorporate animations and colors into your design. Often, construction projects are very complex. Using a digital project simulation, you can discover problems before they occur.

Navisworks Manage helps you achieve your project goals more effectively. Navisworks Manage from Autodesk is a project evaluation software, this software allows you to coordinate, analyze, visualize, and simulate the construction process.

### What you can expect ?
