COURSE

# ELEGANT TRAINING

Approved & Permitted by KHDA

[WWW.ELEGANT-TRAINING.AE](http://WWW.ELEGANT-TRAINING.AE)

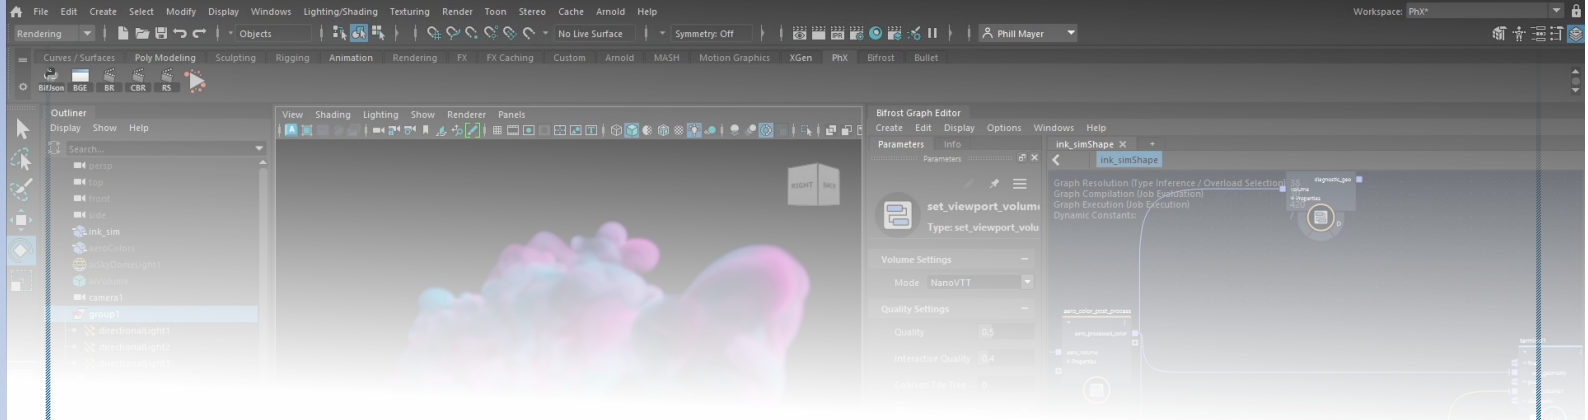

## For whom is the course for?

This course is suitable for:

1. 3D Animators – for character animation in movies, games, and commercials.
2. Modelers – to build detailed 3D objects, characters, and environments.
3. VFX Artists – to create realistic effects like explosions, water, fire, and smoke.
4. Game Developers – for designing assets, characters, and cinematic cut-scenes.
5. Architectural & Product Visualizers – for high-quality rendering of concepts.
6. Students in Animation or Multimedia – to build industry-ready skills.

## Pre-requisites

No prior 3D experience is required — basic computer knowledge is sufficient to begin learning Autodesk Maya and building your skills

## About AUTODESK MAYA

“Autodesk Maya is a leading 3D Modeling, Animation, Simulation, and rendering software used by professionals in Film, Gaming, and Visual Effects industries. It offers powerful tools for creating lifelike Characters, Realistic Environments, and Cinematic Visual Effects, making it a top choice for creative artists and studios worldwide.”
