### PROFESSIONAL EXPERIENCE

#### English Language Trainer (remote)

2024 — Present

Darsana Academy, India

- Plan, prepare, and deliver **targeted English language training programs, adapting lesson content to suit diverse learner profiles** and align with current assessment frameworks and communicative goals
- Plan, design and deliver **effective IELTS preparation classes (Academic and General Training) tailored to help learners achieve their required band scores** through targeted skill-building, practice tests, and personalized feedback.
- Develop content for a **communicative English learning app** designed for the academy, projected to generate 70–80% profit, **supporting scalable digital language learning**
- Lead and manage a team of 8 in-house and freelance trainers**, overseeing the design and implementation of ELT programs while ensuring methodological consistency, instructional quality, and trainer development
- Design differentiated **instruction for learners across a wide proficiency range, including beginner, intermediate and advanced-level candidates and professionals seeking high-level academic or workplace communication skills**
- Integrate **blended learning tools, real-life scenarios, and digital resources to build engagement, enhance retention, and strengthen all four core language skills (LSRW)**
- Provide **expert coaching on strategic language use and performance under pressure**, including **time management and communication fluency in high-stakes or exam-oriented settings**
- Collaborate with academic teams and peer trainers to maintain consistent delivery standards, exchange best practices**, and continuously enhance the effectiveness of English language instruction
- Mentor junior trainers and conduct in-house workshops, promoting learner-centered methodologies, purposeful lesson planning, and the strategic development of communicative competence**

- **Lead the design, development, and delivery of comprehensive Training & Development strategies for in-house and external trainers, faculty, and staff**
- Design, develop, and deliver tailored **Train-the-Trainer and Executive Training programs across corporate, academic, and professional development contexts**, including **Business English, professional and cultural Etiquette, sustainability, and AI competency training**, ensuring alignment with client objectives, industry standards, and competency frameworks
- **Curate and communicate in-house training pathways and faculty development programs**, ensuring consistent quality, capability development, and alignment with institutional learning goals
- **Facilitate engaging, high-impact training sessions for diverse audiences, translating complex topics into interactive, outcomes-focused modules that incorporate digital tools, blended learning approaches, and embedded assessments to enhance retention and application**
- Collaborate with SMEs and stakeholders to **co-develop context-specific, industry-relevant content, integrating emerging trends such as AI-driven learning solutions and sustainability frameworks**, while managing quality assurance processes **aligned with SQA, CPD, and institutional accreditation requirements**
- Create, manage, and deliver **customised corporate learning solutions and digital learning assets for high-profile partners such as Dubai Chambers, DSCE, ENOC, PwC, DEWA and NOMU**, ensuring content is context-specific, industry-relevant, and aligned with learning objectives and sustainability goals
- **Integrate instructional design principles, blended learning strategies, and digital learning tools to maximise engagement, scalability, and learning impact**
- Support **trainer onboarding and capability development through structured mentorship programs, resource curation**, and alignment with best instructional practices
- Draft, maintain, and refine SOPs and academic documentation for program validation, quality assurance, and accreditation, with focus on content review, learner evaluation, and compliance with institutional standards
- Implement **continuous improvement mechanisms through feedback loops, learner assessments, and impact analysis**, ensuring all training programs deliver measurable value

**Program Manager (ELT)**

2022 — 2024

Darsana Academy, India

- Spearheaded the launch and **management of corporate language training services (Business and General English), contributing to a 30% increase in overall revenue** through tailored learning programs for executives and fresh graduates.
- Designed and delivered **customized training programs for 1,300+ participants across healthcare, aviation, hospitality, and education sectors**, aligning courses with client requirements, organizational goals, and service excellence standards
- Created and **facilitated courses on interview readiness, workplace etiquette, communication, and professional behavior** to prepare fresh graduates and early-career professionals for workforce integration
- Developed and delivered **executive-level programs on leadership, interpersonal skills, and service excellence, using role-plays, real-life simulations, and guided discussions to ensure high engagement and practical skill application**
- Produced **digital and blended learning content, including the development of a mobile app, enabling scalable delivery of training programs and projecting 70–80% growth in service reach**
- Developed **assessment tools (scenario-based tasks, behavioral checklists, pre/post evaluations)** to track learning outcomes, measure impact, and identify skill gaps through ongoing data analysis
- **Managed and scaled a team of 8 trainers, overseeing onboarding, mentorship, and delivery quality** to ensure alignment with client expectations and industry best practices
- Coordinated end-to-end program operations, including faculty interviews, trainer scheduling, participant registrations, and payments, ensuring smooth execution of multiple concurrent training projects
- **Delivered personalized one-on-one coaching for executives and professionals to strengthen soft skills and executive presence**, while supporting early-career talent through career readiness and employability workshops
- **Mentored junior trainers and conducted internal L&D workshops**, fostering a collaborative, high-performance learning culture within the academy

## Lead Trainer & Curriculum Developer (ELT)

2021 — 2022

Darsana Academy, India

- **Designed and developed comprehensive training curricula and learning modules for soft skills, professional etiquette, and behavioral excellence**, ensuring alignment with organizational and industry standards
- Delivered **interactive workshops and scenario-based learning sessions for over 700 professionals, including executives, front-line staff, and government officials**, fostering practical skill application and participant engagement
- Conducted **pre- and post-training assessments and feedback surveys to monitor learning outcomes, identify areas for program improvement, and enhance course effectiveness**
- **Collaborated with organizational leaders to tailor content and delivery methods**, ensuring training programs supported broader strategic goals and professional development initiatives
- **Managed course materials and coordinated logistics for multiple cohorts**, streamlining scheduling, resource distribution, and participant support
- **Provided one-on-one coaching and guidance to participants**, enhancing professional presence and executive communication skills, while documenting progress for reporting and continuous improvement

## IELTS Trainer

2020 - 2021

Darsana Academy, India

- Developed practice materials for those preparing for IELTS apart from those provided by IDP/British Council
- Prepared and delivered active lessons for effective learning (JAM & debate sessions, movie reviews, pop quizzes)
- Carried out sessions both online and offline for 1200+ IELTS candidates in total (60 hours a week)
- Designed mock tests and provided timely feedback for the candidates on LSRW skills
- Ensured that the candidates secured an average band score of 7.5 on the test

## Assistant Manager (Business Development)

2019 - 2020

The Bangalore Creative Collective, India

- Onboarded and managed multidisciplinary artists (visual, digital, performance) for brand and client campaigns, ensuring creative direction aligned with project objectives
- Developed tailored artist profiles and program materials to enhance brand identity and client engagement
- Coordinated with internal teams, clients, and vendors to manage deliverables, timelines, and campaign requirements
- Supported business development efforts by contributing to growth strategies, partnership planning, and branded content production, expanding client pipelines
- Led campaign and event execution, overseeing logistics, artist collaborations, and stakeholder communication for successful delivery
- Designed and delivered digital content and social media campaigns, strengthening brand visibility and audience engagement
- Acquired hands-on startup experience, managing both program operations and business growth initiatives in a dynamic environment

## English Language Teacher

2018 - 2019

Hindustan College of Arts and Science, India

- Planned and delivered dynamic lesson plans with a strong focus on enhancing students' vocabulary, grammar, and overall language proficiency.
- Designed and administered regular formative and summative assessments to effectively monitor and support the development of Listening, Speaking, Reading, and Writing (LSRW) skills.
- Promoted self-directed learning strategies to encourage continuous language development beyond the classroom environment.
- Fostered an inclusive and supportive classroom culture that motivated students to take linguistic risks, actively participate, and build confidence in language use.
