Professional Summary

With over 20 years of experience, I transform complex ideas into simple, elegant, and impactful visual experiences. My mission is to lead creative teams in developing strategies that achieve measurable business goals, with a focus on the luxury market. As an expert lecturer for the national "Digital Egypt Builders Initiative (DEBI), I have had the privilege of mentoring and repairing the next generation of designers to compete at the highest global standards.

Professional Experiences

Lecturer & Master Trainer | Digital Egypt Builders Initiative (DEBI)
- Ministry of Communications and Information Technology, Egypt | **Present.**
- Mentored and trained over 2,000 professional designers on the latest Adobe Creative Cloud technologies.
- Developed advanced curricula for Motion Graphics and UI/UX, ensuring alignment with international best practices and industry demands.
- Provided expert oversight on practical projects, elevating the artistic and technical skills of trainees to a professional level.

Digital Art Manager & Instructor | YAT Learning Solutions, Egypt.
- Managed and directed the digital art and design curricula, ensuring alignment with official Adobe standards and evolving market needs.
- Delivered corporate training programs and workshops to a diverse portfolio of clients, supporting organizations in adopting effective creative strategies.
